Graduated in Architecture from the University of Oklahoma, Sandra and I moved to Sausalito in 1961. I worked for Frederick Coolidge an Architect in the Industrial Center Building. He was the Architect for developing Alpine Meadows Ski Resort. When Alpine Meadows was completed Coolidge closed his office. By now Sandra and I had twin girls. Sandra was a microbiologist at Marin General Hospital and I was a stay at home dad and had a small architecture practice. The Building Inspector found me building a deck at our home without a building permit and I now met Sausalito City Hall. The Building Inspector, City Clerk and Finance Clerk made up City Hall which was located in the building where Gene Hiller's store is located. I have been part of the growth of City Hall Staff.

Sandra and I added another daughter to our family and we moved to 40 Harrison. As City Hall grew so did I working with the Planning and Building Departments and other various commissions. We work not only in Sausalito we have clients across the United States and also Europe. I feel that I understand Sausalito and can be an asset to the City and the Council.
