### SUMMARY

By February 27, 2008, twenty-nine (29) candidates have submitted applications to be considered for appointment to the newly-formed Waterfront and Marinship Steering Committee. On March 3, 2008, the Council is scheduled to conduct interviews of the first eighteen (18) of those applicants. It will be necessary for Council to schedule a date to complete the interviews of the remaining applicants. There will be at least eleven (11) applicants to be interviewed in the second round, with the possibility of additional applications to be submitted by the March 14 deadline to apply.

Since the application period is currently scheduled to close at 5:00 pm on March 14, 2008, staff recommends that the interview date be scheduled after that date.

### FISCAL IMPACT

None

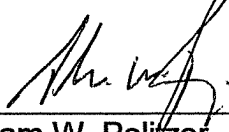

### STAFF RECOMMENDATIONS

Staff recommends that the City Council set a date for special meeting sometime after March 14 to conduct interviews of applicants to the Waterfront and Marinship Steering Committee, or that Council direct staff on a preferred alternative approach to conducting the interview process.
