**Project Description**

The applicant is requesting Administrative Approval of Changes to approved project DR/CUP/EA/ADU 14-240. The project entails a remodel and addition to a single-family residence. The project included installation of a gas meter on the front façade of the building. The project was approved by Planning Commission on March 25, 2015 (Resolution 2015-06).

The requested change is to relocate the gas meter from the front façade of the residence to the right-of-way of Marie Street adjacent to an existing water meter to address safety concerns regarding its proximity near openings in the building façade per Pacific Gas & Electric (PG&E) consultation.
