The City of Sausalito's Disaster Preparedness/Emergency Operations Program is offering community groups a chance to meet with the Sausalito Police Department's Disaster Preparedness Coordinator. The Disaster Preparedness Coordinator is available to meet with neighborhood, citizen, and other community/business groups on prearranged dates during the months of February through May 2017. During these meetings the Disaster Preparedness Coordinator will discuss with the interested parties what they can do to prepare for disasters and inform them of what steps the City of Sausalito is taking in the areas of disaster preparedness and emergency operations.

Please contact the Disaster Preparedness Coordinator, Sergeant Brandon Rodgers, at (415) 289-4179 or brodgers@ci.sausalito.ca.us if you and your group are interested in meeting.
