Regarding: Public Hearing for a Minor Use Permit to Allow  
Temporary Events at  
2200 Bridgeway

Dear Justin:

It seems that it is impossible to get parking permits granted for Olive Street. We have requested this numerous times, and every day the street becomes a parking lot for the building on the corner of Bridgeway and Olive Street (even though they have a parking lot which they do not use), and for Saylor's. If we do not get these permits, the "events" at 2200 Bridgeway will just add to our problems.

I would not be opposed to the events if we could get PARKING PERMITS FOR OLIVE STREET, but until we have this, I am very much opposed to it and would like to register a complaint. No parking permits, no events.

Ann Jones
