Subject: RE: Public Hearing for a Minor Use Permit to Allow Temporary Events at 2200 Bridgeway

Justin,

I'm writing as a resident of Olive St with a complaint regarding the Minor Use Permit to Allow Temporary events at 2200 Bridgeway. The residents of Olive St have yet to be granted permit parking on our small street, after numerous requests from multiple residents. Currently, our street is used as a parking lot for Saylor's restaurant employees and patrons, as well as for those who work in the 2200 building, though they have a parking lot that doesn't seem to be used. We witness people every morning parking on Olive and then entering units at 2200 Bridgeway. If they are allowed to have events, this will only exacerbate an ongoing issue we have where we, as residents, LITERALLY HAVE NO PLACE TO PARK ON OUR OWN STREET.

As we have not been granted permitted parking as so many other streets in Sausalito have been, my husband Eric Darwin and myself, as well as our neighbors VEHEMENTLY oppose events taking place at 2200 Bridgeway until we are granted permitted parking and therefore assured that we as residents get to park before those attending events at 2200 Bridgeway. It's honestly frustrating that we're still having to fight for this. It has been an issue for years.

Thank you for your time.

Sincerely,

Nicole Darwin and Eric Darwin
