

## CANDIDATE FOR THE SAUSALITO CITY COUNCIL

**BILL WERNER**

**AGE: 79**

**Occupation:** Planning Commissioner, Architect

With 30 years of public service on our Planning Commission, Design Review Board, various Task Forces and Steering Committees, I know how to safeguard what makes Sausalito special. As an architect, I understand land use and planning law, building codes and development economics. Serving on the last two Marin County Civil Grand Juries, I saw how State, County, City, citizens and businesses all help create the place we call home.

This is a critical election. Our next Council Member will make decisions affecting Sausalito for years to come.

I'm running as a thoughtful steward of Sausalito's exceptional quality of life. I will also work with residents and others to meet our challenges and shape our future. These challenges include Airbnb short-term rental policies, bicycle traffic, downtown congestion, development mandates from Sacramento, the General Plan update, the Ferry Landing, the Marinship and our waterfront – all while keeping a close eye on Sausalito's finances.

As a 34-year resident, I've seen what works here, and what doesn't. I promise to listen to you and to "first do no harm" when considering changes to our City's administration and services, environment, neighborhoods and vitality.

I ASK FOR YOUR VOTE.
