On Friday, August 11, 2017, at approximately 12:45 PM, Sausalito Police Officers were dispatched to the Shell Gas Station at 2901 Bridgeway for a theft of a wallet that had just occurred. Due to video surveillance at the gas station, officers immediately knew the description of the suspect and suspect vehicle.

Within minutes, a Marin County Sherriff's Deputy located the suspect vehicle in Marin City. The deputy attempted to make a traffic stop on the vehicle. Instead of stopping, the driver of the vehicle decided to lead the deputies in a pursuit throughout Marin City for approximately 10 minutes before he finally gave in. The driver was arrested for the theft. A search of the vehicle resulted in locating personal information from approximately 20 people and other identity theft related property.

The driver of the vehicle was identified as 38 year old Larry Monte Davis out of Marin City. He was booked for theft, evading arrest, fraudulent use of personal identification and theft from an elderly victim. His bail was set at \$50,000.
