Hello Council and Staff,

I just received the following resignation email from Commissioner Brett Van Emst. While he was a pleasure to have with us and most personable, I am willing to accept Brett's resignation as he hasn't been particularly involved for the reasons he explains. Alix Spivack has been attending our meetings and is most anxious to serve. I would strongly endorse her appointment.

Sincerely,

Dane

Dane-

I have been trying to figure out how I can be more effective in the commission, resolving each meeting to be more involved. But my job seems to be too much right now and I don't like letting the commission down, so I would like to step down from the commission. For example, I was going to go with sue today to talk to the city about the site, and meetings are coming up, stopping me again.

Also, we are trying to move even further north, making Sausalito less likely a destination in my future.

I appreciate my year on the commission and wish you guys the best. I'm sorry that my priorities are elsewhere right now.

-Brett
