Message from the

Parks and Recreation Director

Over the past 10 years working for the city of Sausalito, I have had the pleasure of working with great parks and recreation staff. Our current team is one of the best so far! I am pleased to welcome two new staff members to our department—Oscar Lucario as Landscape Worker and Maurice Black as Custodian. We will miss Administrative Aide Bryan Valle as he heads to the warmer weather of Palm Springs. Thank you for everything, Bryan!

In other news, now that plans have been completed, City staff is working to finalize timelines to revovate Dunphy, MLK, and Southview Parks.

Did you know Sausalito is celebrating its 125th birthday this year? To celebrate, we're hosting a big party on September 15th at Marinship Park and all Sausalito residents are invited!

Other annual fall events are Chili Cook-off on September 22nd, City-Wide Yard Sale on October 6th, Outdoor Movie Night on October 19th, and Halloween festivities on October 31st. For the little ones, we offer free Concerts for Kids and Tot Art in the Park on the second Saturday of the month until October. See pages 2-5 of the magazine for more information about our City events.

I look forward to seeing you soon!

Ballet Camp

Sleeping Beauty (3-6 years)

A familiar favorite ballet with music by Tchaikovsky. The premise: The King and his Queen have welcomed their first child, Princess Aurora, and declare a grand christening ceremony to honor her. Six fairies are invited to the ceremony to bestow gifts on the child. Each fairy represents a virtue or positive trait, such as beauty, courage, sweetness, musical talent, and mischief.

This camp will focus on classical ballet and modern dance technique as well as choreography. Campers will engage with the ballet in number of ways, including watching a filmed rendition of the ballet by a renowned dance company, reading the story, creating art work, and ultimately, creating their own imaginative version of the ballet. Other activities will include art projects, playtime outside in the park, theater improve games and more. These camps are FUN and are designed to ignite your child's imagination and joy of dance. The goal of the Joy of Dance Ballet School Summer Camp is for your child to experience the joy, beauty, focus, and grace of ballet and modern dance in a supportive learning environment while having FUN.

*Two older children are welcome to join. Some dance training is required, along with the ability to demonstrate ballet steps, and most importantly the desire to learn how to teach and creatively interact with young dancers. The fee is \$300 for the week.

NEW! Ballet Classes

Instructor **Jacqueline Low** has ignited the Joy of Dance teaching ballet and creative dance for over 38 years to students aged two through adult. She has taught at many schools in San Francisco and Marin. She has also started a ballet school in Westport Connecticut, taught Transformative Movement Workshops in NYC, Cologne, Rome and Belgium. In 2008, Jacqueline realized her lifelong dream of opening the Joy of Dance Ballet School.

Low's teaching style supports each child's technical growth in ballet while also taking care to preserve the child's own special way of moving. She believes that classical ballet must be taught with discipline, focus, creativity, and FUN to sustain a child's natural "Joy of Dance." It is Jacqueline's passion to support every child to their fullest potential. Using her professional background as a modern/ballet dancer, as well as a choreographer, she has choreographed many creative and beautiful recitals to showcase her children's talents.

NEW! Acrylic Landscape Painting

Paint Marin landscapes with Bernard Healey. Both beginners and experienced will learn the elements of acrylic painting including composition, color theory and perspective. Each session is fully demonstrated and supportively critiqued. Subjects covered will be trees and water scenes of areas such as Marin farmlands, Raccoon Strait, Mt. Tamalpais, Richardson Bay, and Tennessee Valley. Bring any supplies that you have. A suggested supplies list will be provided at the first session.

Bernard Healey began his Art career in 1947 after serving in the US Navy. He attended the Academy of Advertising Art and the California School of Fine Art, both in San Francisco. He later worked as a publication illustrator at the Bechtel Corporation, a worldwide Construction company, and he eventually joined the Marin Society of Artists in Ross, where he exhibited his own work, served as a juror, and chaired their Artist Advisory Council.

In 2004, instructors at College of Marin noticed Healey's solo acrylic painting exhibit and invited him to join the faculty, where he continues to teach. He also teaches and lectures at Marin Museum of Contemporary Art, the Mill Valley Community Center, and privately in his home studio.

Although Healey prefers to work in acrylics, he has also become proficient in watercolor. Most of his paintings are plein air, but he occasionally works from reference photos and paints finished work in his home studio.

The Sausalito Library offers a home delivery service of library materials using volunteer drivers from Call a Ride for Sausalito Seniors (CARSS). Participation in this program is free and open to residents of Sausalito and the floating home community who are 60 years of age or older, and to younger adults with a disability. If you are interested in having books, movies, or audiobooks delivered to your door, you will need to fill out a short application and sign a liability waiver, in addition to being a library card holder. All CARSS drivers have been vetted by Verified Volunteers. The service is available Monday through Friday, 10:00 a.m. to 2:00 p.m. For more information, please contact program coordinator Augie Webb at **415-289-4121** or awebb@sausalito.gov.

Kanopy (sausalito.kanopystreaming.com) is a collection of thousands of independent, classic, documentary, and foreign films, including films from the Criterion Collection of world cinema. Think of it as a free version of Netflix. Hoopla (www.hoopladigital.com) features an eclectic selection of Hollywood and independent movies, as well as comics, e-books, music, and e-audiobooks. There is no limit to the number of times you can generate a 24-hour pass. The service will work for smartphones and tablets, as well as laptop and desktop computers. Look for the *New York Times* button in the Digital Collections area of the Library homepage to get started. If you have questions, or receive an error message when logging in, please contact Augie Webb at awebb@sausalito.gov.

High-Speed Internet

The Sausalito Library's free public internet service went from slow to blazing fast in 2017, when the Library connected to CalREN, the California Research and Education Network. The change affects the public computers in the Library and the public Wi-Fi available in the Library and City Hall. At the Library's public internet stations, where download speeds had previously been in the range of 5 to 10 megabits per second (Mbps), users now see speeds topping out at 500 Mbps. The Library's free wireless network (called "library") has also gotten a big speed boost, to over 100 Mbps. Some mobile devices may see slower speeds due to hardware limitations.

Library Email Newsletters

There's a lot going on at the Sausalito Library! To help local residents stay on top of things, the Library has two email newsletters, one covering all Library programs and services, the other focused entirely on children's services. Visit the Library webpage to sign up for one or both newsletters, or send a "sign me up!" email message to Augie Webb at awebb@sausalito.gov. Library e-newsletters are sent out once every two weeks.

Unlimited Access to Lynda.com

Sausalito residents have access to the vast collection of online training courses and video tutorials available from Lynda.com – all you need is a library card. The courses and tutorials are taught by subject experts and cover everything from using your iPhone, to online marketing, to playing the electric guitar. Look for the Lynda button in the Digital Collections area of the Library homepage for a link to the Library's special Lynda account, or go directly to: www.lynda.com/portal/patron?org=sausalitolibrary.org

Ancestry

The popular genealogy software tool Ancestry is available for use on the Library's public computers. Ancestry features censuses, vital records, immigration records, family histories, military records, court and legal documents, directories, photos, maps, and more. Borrow a California State Parks Vehicle Day Pass

Thanks to a generous gift of the family and friends of Lisa Kimberly Nunn York, the Library has two "Golden Poppy" California State Parks vehicle day passes available to the public. The passes provide free vehicle admission and parking at over one hundred state parks, beaches, and recreation areas, including area parks like Mount Tamalpais, China Camp, and Samuel P. Taylor. To borrow a pass, look for one of the Golden Poppy cases in the central display area of the Sausalito Public Library. Bring the case to the service desk with your library card, and you can check out a storage bag containing the pass and information about California State Parks. Passes circulate for seven days and are not renewable. To ensure that a pass is available and save yourself a trip to the Library, call the Reference Desk at 415-289-4121—if a pass is available, we can set it aside for you for up to two hours.

Sausalito News Archive

Thanks to grants from the Sausalito Library Foundation and the Sausalito Historical Society, the Library is able to offer online access to digital archives of *The Sausalito News* from 1885 to 1966. The archive may be searched and browsed via the California Digital Newspaper Collection, maintained by the University of California, Riverside. You can find the collection on the web at cdnc.ucr.edu, or via the Services section of the Library website.

Sausalito Marin Scope Digital Archive

The Sausalito Public Library, the Sausalito Library Foundation, and Marinscope Community Newspapers have partnered to provide access to a digital archive of the *Sausalito Marin Scope*, Sausalito's weekly newspaper since 1971. The archive covers forty-four years and over 2,000 issues of the Sausalito Marin Scope and is available free of charge on the public computers of the Sausalito Library. Replacing the Library's old microfilm collection, the digital archive unlocks Sausalito's past by allowing users to search the vast archives by keyword. To access the *Sausalito Marin Scope* digital archive, visit the Sausalito Library anytime during open hours.

Friday Evening Programs

The room inhabited by the Sausalito Library was once the auditorium of Sausalito's old Central School. To recapture its days as a theater space, the Library holds regular after-hours Friday evening programs like the Sausalito Documentary Film series. For most Friday evening programs, we clear the Library "living room" and new-book display area of furniture, then set up rows of chairs facing our projection screen, which drops down in front of the Children's Room.

Speaker Series

The Library's speaker series programs typically take place on Thursday evenings in the City Hall Council Chambers. Programs range from author readings to lectures on history or finance. If you or someone you know would be interested in presenting a speaker series event at the Library, please contact Abbot Chambers at achambers@sausalito.gov or **415-289-4123**.

Marin Master Gardener Series

The Sausalito Library is pleased to present monthly talk by Master Gardeners, in conjunction with local nonprofit Sausalito Beautiful and the University of California Cooperative Extension Marin Master Gardeners. The talks typically take place in the City Hall Council Chambers on the last Thursday of the month, in the evening. Past topics have included Gardening with California Natives, Backyard Birds, Succulents, and Pruning 101.

Lectures are illustrated by slides from the exhibit.

Metropolitan Opera Previews

Met Opera previews are presented by Sausalito resident and opera aficionado Tom Wilhite. Tom's previews provide an entertaining introduction to an upcoming performance at the Metropolitan Opera in New York. Each preview includes stories about the composer and opera and a selection of audio and video clips from past performances. Tom's previews typically take place on a Tuesday evening before the corresponding Saturday morning Live in HD simulcast from the Met. The 2018-19 season will mark the seventh year of Metropolitan Opera previews sponsored by the Sausalito Library.

iPhone and iPad Classes

The Library is now offering hands-on classes to help local residents with their iPhones and iPads. Classes are taught by Jon Hartman, a computer consultant specializing in Apple devices, and take place monthly on a Tuesday or Thursday morning. Jon also teaches classes at the libraries in Mill Valley and Tiburon. Attendees are requested to bring their mobile devices with them.

Sausalito Writers' Circle

Looking for a supportive group to share your writing with? Ready to tackle that story, novel or poem? Interested in providing feedback to others? Join the Sausalito Writers' Circle! Here's how the Writers' Circle works: members submit up to ten double-spaced, numbered pages (poets: two poems) in advance of each session, and the group's time together is then spent in offering productive, positive feedback to one another. The Sausalito Writers' Circle typically meets twice a month, on Sundays from 3pm to 4:30pm. Attendance is free. Your host is recently relocated Sausalito resident, published author, and experienced workshop facilitator, Cindy Knoebel. If interested in attending, please send email to achambers@sausalito.gov.

The five-member board is appointed by the City Council, with members serving three-year terms. The board's role is to review the administration of Library operations, make recommendations, and establish policies. For inquiries about becoming a Library Trustee or a Trustee alternate, please contact the Sausalito City Clerk at **415-289-4134**.

Friends of the Sausalito Library

The Friends of the Sausalito Library provide "wish list" funding as requested by the City Librarian. This includes support for adult programs, children's programs and story times, museum passes, and equipment such as the projection and sound system in the Library.

You're invited to become a member of the Friends of the Sausalito Public Library. Your membership will aid the Friends in their support of the Library. You can become a member of the Friends in person at the Library, online at friendsofthesausalitolibrary.org, or by email to fosl94965@gmail.com.

In addition to becoming a member, you can support the Friends by making a monetary contribution or by donating books and other media to the Friends Bookstore. Book and media donations may be used to replace worn materials in the Library collection or sold to raise money for the Friends. The Friends Bookstore is located on the upper level of Sausalito City Hall. Open hours are Mondays from 9am to 5pm and Wednesdays and Saturdays from 10am to 1pm. Please come in to browse our ever-changing collection and find a wide range of materials at very reasonable prices!

A cart is available in the Friends Bookstore for bringing books in from the parking lot. Donations of multiple boxes or bags are best brought to the bookstore during open hours. If that is not possible, please call Libby Wilkinson at **415-332-0206** to arrange a time convenient for you. All donations are tax deductible.

You're also invited to donate your time by volunteering in the bookstore. Contact Libby Wilkinson at **415-332-0206** or libbywilkinson2@gmail.com.

Volunteers also help at the Library by reshelving books and processing interlibrary loan materials. If you have an hour or two each week and would

like to become more closely involved with the Library, contact Jim Delano at **415-215-6538** or jdelano43@comcast.net.

We welcome and appreciate your membership, your participation, and your ideas.

Sausalito Library Foundation

The Sausalito Library Foundation provides long-term support for the Sausalito Public Library. Donations and bequests from the community are used to maintain a revenue source to fund capital improvements and major purchases that make a long-term impact on the Library and its users. We work to ensure that our Library remains an essential community resource now and in the future. In light of remarkable shifts in technology and the delivery of information, the Foundation will help the Sausalito Library evolve and adapt so that the Library's physical space meets ever-changing needs.

Our thanks go out to the many individuals and organizations whose generous contributions have helped build our financial resources. The income from and appreciation of these gifts have helped the Foundation Fund grow. With this growth, we're helping to safeguard our Library's future.

For more information about the Library Foundation, please write to 420 Litho Street, Sausalito, 94965. Email messages may be directed to unexport@earthlink.net.

How Your Donations Support the Library

Sausalito Library Foundation: The Foundation uses donations from individuals, organizations, and businesses to establish a long-term revenue source that supports the Library through special projects.

Friends of the Library: The Friends' primary source of income is the Friends Bookstore on the top floor of City Hall. Your book donations and volunteer time help the Friends support Library programs and pay for items on the Library's wish list.

Please note: The Foundation and the Friends of the Library are separate organizations, both 501(c)(3) nonprofits, which complement one another and collaborate to meet our Library's needs beyond the capabilities of City funding. Neither the Friends of the Library nor the Sausalito Library Foundation contributions are meant to supplant our publicly funded Library budget.

Tsunami Message Definitions

ALERT LEVEL	POTENTIAL HAZARD(S)	ACTION
Warning	Dangerous Coastal flooding and powerful currents	Move to high ground or inland
Advisory	Strong currents and waves dangerous to those in or very near water	Stay out of water, away from beaches and waterways
Watch	Not yet known	Stay tuned for more information; be prepared to act
Information Statement	No threat or very distant event for which hazard has not yet been determined	No action suggested at this time

Tsunamis are among earth's most infrequent natural disasters. Even though tsunamis do not occur very often, and most are small and nondestructive, they pose a major threat to coastal communities, particularly along the Pacific Coast. A tsunami can strike any ocean coast at any time. There is no particular season for tsunamis, therefore we cannot predict where, when, or how destructive the next tsunami will be. While tsunamis cannot be prevented, there are things you can do before, during, and after a tsunami that could save your life and lives of your family and friends. The key to understanding what action to take and when, is in understanding the U.S. Tsunami Warning System. That system is managed by the NOAA/National Weather Service.

The U.S. Tsunami Warning Centers issue tsunami messages to notify emergency managers, the public, and other partners about the potential for a tsunami following a possible-generated event. To provide messages as

early as possible, the warning centers use preset criteria that is based on preliminary earthquake information. The information is then used to help decide when and where to issue tsunami messages and what alert(s) to include. Subsequent messages and alerts are based on impact estimation resulting from additional seismic analysis, water level measurements, tsunami forecast model results, and historical tsunami information. Messages are transmitted to the public through various means such as social media, Emergency Alert Systems, Alert Marin, and the National Weather Service's weather radio.

Domestic tsunami messages are issued for U.S. and Canadian coastlines and the British Virgin Islands. These messages include alerts but, also serve to cancel alerts when appropriate. There are four levels of tsunami alerts: Warning, Advisory, Watch, and Information Statement. Each has a distinct meaning that directly correlates to local emergency responses. Recommended precautionary steps vary within areas under warnings and advisories. Be alert and follow instructions from local emergency officials because they may have more detailed and specific information.

Find more information regarding home safety, education and outreach material, and the Tsunami Ready Program on the National Weather Service Tsunami Safety home page: www.nws.noaa.gov/om/Tsunami/Index.html

New Online Reporting System

The Sausalito Police Department is proud to announce it will be providing a new online police reporting option for the public. This web based reporting system will allow the public to file certain non-emergency incident types (Harassing Phone Calls, Identity Theft, Lost Property, Theft, Theft from Vehicles, Vandalism, Vehicle Tampering) over the internet at their convenience. The Sausalito Police Department expects this internet based reporting service to be popular among citizens who have come to expect certain services to be provided online.

The service will allow the public to file a report at a time that is best for them without having to wait for an officer to respond or call them back. The public will be able to print a temporary copy of the report upon submitting the report. The report will be reviewed by police department personnel and once approved, the reporting party will receive an email with a copy of the report attached without cost. The report will transfer into the Sausalito Police Department's records management system and receive the same investigation and statistical analysis ability as if the report had been filed by a police officer.

This web based reporting option will allow officers more time to address community needs while keeping pace with the public expectancy to complete services via the internet. The Sausalito Police Department will be using the Desk Officer Online Reporting System from San Ramon, California based software company Coplogic, Inc. (www.Coplogic.com).

Volunteering and its Surprising Benefits How Giving to Others Makes You Healthier and Happier

Why Volunteer?

Volunteering offers vital help to people in need, worthwhile causes, and the community, but the benefits can be even greater for you, the volunteer. Volunteering and helping others can help you reduce stress, combat depression, keep you mentally stimulated, and provide a sense of purpose. While it's true that the more you volunteer, the more benefits you'll experience, volunteering doesn't have to involve a long-term commitment or take a huge amount of time out of your busy day. Giving in even simple ways can help others in need and improve your health and happiness.

- Volunteering connects you to others
- Volunteering is good for your mind and body
- Volunteering combats depression
- Volunteering makes you happy
- Volunteering increases self-confidence
- Volunteering provides a sense of purpose
- Volunteering helps you stay physically healthy
- Volunteering brings fun and fulfillment to your life

Pedestrian Flag Program

Sausalito Village and Age Friendly Partnership

Sausalito Village and Age Friendly Sausalito partnered to create the Pedestrian Flag Program in 2016 targeting three of the most dangerous intersections along our main street. Volunteer monitors construct the bright orange flags that are in buckets at the following crosswalks: Second/Main Streets, Santa Rosa/Bridgeway Streets and Litho/Bridgeway Streets.

The flags are a simple solution to act as an assistive device to help make walkers more noticeable as they cross the street. Of course, it is still important for pedestrians to cross with caution.

Flag monitors volunteer to redistribute flags and replace any that are missing or damaged. If you would like to volunteer for this program, please contact Sausalito Village at **415-332-3325**.

CARSS helps those under age 60 too

CARSS (Call A Ride for Sausalito Seniors) provides FREE rides to residents of the City of Sausalito and the Floating Homes who are 60 or older, or younger with a disability. The hours of service are Monday through Friday between 10am and 2pm. Rides are provided by vetted and trained volunteers who are residents themselves - neighbors helping neighbors!

This Spring one of the founding volunteer drivers of CARSS, Tricia Smith, fractured her hip in a bike accident and was unable to drive for one month. Just shy of 60 years old, Tricia was able to take advantage of CARSS rides on a temporary basis due to her temporary disability. If you are an adult under the age of 60 unable to drive due to a disability, but able to get in and out of the car without assistance, you can use CARSS too.

If you would like to receive an application to become a CARSS Rider, contact the CARSS Program Coordinator at **415-944-5474** or email at **infocarss4you@gmail.com**. You can also complete and download an application at **www.carss4you.org**.

Become a VOLUNTEER Driver for CARSS!

Four hours per month can make an incredible difference in the lives of our older or disabled residents.

CARSS Volunteer Drivers are requested to commit to drive one 4 hour shift (currently 10am-2pm) per month, although many volunteers opt to drive more. It does not have to be the same day each month - the Program Coordinator sends the calendar out two weeks before the beginning of the month and you choose your day.

CARSS also has driving opportunities for Citywide events in the evening and weekends. These are primarily connected to the Library or other City or Civic events—such as the Library People Series last Fall.

How does it work for the Driver?

The rides are called Door to Door because it is much like a pick up, drop off taxi service. Drivers are given a list of the requested rides prior to their shift but will also receive 'same day requests' during their shift.

Riders must be ambulatory and able to get themselves in and out of the car although assistance with groceries is available.

To be eligible to be a Volunteer Driver, you must have a valid license, pass a criminal and DMV background check, carry a minimal insurance policy on your car and participate in a 2 hour group training.

It is very rewarding to help residents, especially those who can no longer drive, stay connected to our community.

Consider volunteering TODAY! You can complete an application online at **www.carss4you.org**. Questions? Contact the Program Coordinator at **415-944-5474** or email **infocarss4you@gmail.com**.

Tricia Smith: Not only a founding CARRS driver—but also a client!

Age Friendly Sausalito: New Age Friendly Home Adaptation Building Permit Grant Program Aims to Help You Make Your Home Safer and More Convenient

Every 11 seconds somewhere in our country an older adult is treated in an Emergency Room because of a fall. And more than 50% of falls happen in the home. In Sausalito, falls at home are the number one reason emergency medical services are called, and older adults are transported to the hospital.

To help Sausalito residents age 60 or older and younger adults with a disability improve their home environment, the City's Community Development Department joined with Age Friendly Sausalito to create the Age Friendly Home Adaptation Grant Program which will allow eligible homeowners and renters (who have attained landlord approval), to make accessibility improvements to their place of residence with a reduced fee or no-cost building permit. This new program makes it more affordable to obtain building permits to make homes safer and more accommodating to the changing situations and conditions in life,

HOW IT WORKS:

- A resident will fill out a form which they can obtain from the building permits window at City Hall, or online at www.sausalito.gov. The form requires proof of age (age 60 or older) or standard proof of disability, to determine resident's eligibility under the Age Friendly Permit Program. A list of the proposed home improvements with the associated costs of labor and materials (project valuation) will also be required so City staff can determine project eligibility under the Program.
- A full list of eligible modifications is available from the building permits window. A few examples of eligible improvements include: stair elevator lifts, ramps to entries, handrails, wider doors (33 inches or greater),

bathroom improvements such as adjustable height counters, bracing in walls for grab bars at tubs, showers, and toilets, no-curb showers, and many, many more.

- Age Friendly Home Adaptation Permits will be a reduced fee or no-cost permit based on the project valuation cost of maximum \$10,000 for eligible adaptation improvements. (other home modifications made for cosmetic or other purposes at the same time are charged the standard permit fee).
- Eligibility is established by proof of age 60, or by any standard proof of disability (e.g. DMV permanent disability placard or written confirmation from Medical Provider – see application form).
- The Program will accept applications and remain active while funds are available through June 30, 2018. Once the funds are depleted, the Age Friendly Home Adaptation Grant Program would be suspended until City appropriates additional funds for the program.

Along with your Age Friendly Permit Application Form, and List of Eligible Accessibility Modifications, you can pick up a copy of the Home Modification Self Check Guide for Seniors at the Building Permits Counter at City Hall to help you start planning how to make your home more Age Friendly. The customized guide takes you room by room suggesting possible places for changes, and provides a brief resource list of important homeowner and rental services available in the County including access to information on professional home accessibility assessments, home rehabilitation loans, mortgage assistance, how to apply for senior property tax postponement, fair housing information and home and community based social services for older adults.

For more information contact the Sausalito Community Development Department at **415-289-4128**. Access to these materials are also available on the City's website at: www.sausalito.gov/departments/community-development/building-division

Sakaide, Japan

This summer marked the 30th Anniversary of the Sausalito-Sakaide Sister Cities Student Exchange Program.

Every alternate year we welcome Japanese students aged 14-17 years old and host them at local homestays. Despite the fact that our exchanges have occurred for 30 years now, the excitement and passion for each visit has never waned. This is year we are proud to host 13 student delegates with two Chaperons from Sakaide. They are in Sausalito from Thursday, July 26 to Sunday, August 5.

Our Sister Cities student delegates participated in a program of activities and learned about life in America and Marin County. Host families in turn learned from the delegates about life in Japan. This year, some of the American delegates who visited Japan last year were able to host their Japanese host brothers or sisters. Other Marin families hosted for the first time. One of the Japanese chaperons this year has hosted Marin students twice and enjoyed seeing her homestay delegates in their local environment. Long-term and loving relationships are established between the students and their host families, and it is these relationships that have strengthened the ties between our two cities in a lasting way.

For our 30th Anniversary, we were honored to welcome Mayor Aya from Sakaide to join us in our celebration and festivities. During the visit there

were many fun and educational activities for the delegates, host families, and the wider Community. We want to thank everyone who attended these events, and made our Japanese delegates feel so welcome in our Community!

Sausalito-Sakaide Sister Cities 30th Anniversary

Come and meet the Japanese students and their host families.

Grab your cowboy hat, put on those shiny cowboy boots and join us for some foot stomping fun at our All American BBQ at the Bay Model Visitor Center on Saturday July 28th at 6pm. We will welcome our Sister City friends from Sakaide Japan in the old fashion American way to celebrate our 30 year relationship. Enjoy grilled Texas style BBQ and all the fixings prepared by our own Johnny Scopazzi,, tap your toes at our wild west swinging square dance, and many other surprises in honor of our 30 years of people-to-people diplomacy.

Fun! Fun! Fun! If you can, come in a cowboy or wild west costume to show our Japanese friends some of our Western culture.

Downtown Sausalito's newly-created Calcada

Sausalito welcomed two Calceteiros (artisans) from Portugal who were flown over by the City of Cascais to construct a beautiful Calcada pavement design with stones gifted to Sausalito by the City of Cascais; the compass rose mosaic is the centerpiece of the new Praca de Cascais in downtown Sausalito. Following the dedication ceremony in June with the Prime Minister of Portugal, the permanent landscaping will be installed. It's still not too late to donate to the project! You can have your business or family name embedded in a bronze plaque in the lovely new plaza in the center of town. For information: cheryl@poppinc.com

Student sailors in the YSE sailing exchange program

Six student sailors have been selected to represent the Sausalito Yacht Club in the 2018 YSE sailing exchange program. These young ambassadors will travel to Cascais in July where they will stay with host families while sail training at Clube Naval de Cascais. In its 4th year, the program continues to be a remarkable educational and cultural exchange.

Viña Del Mar, Chile

Women in Business Exchange (October 10 - 21)

We have trained 28 women in American business knowledge and practices shared by local and regional Bay Area business owners during four Sausalito sessions. Each of the local tutors gives their experience and input to the Chilean business women by highlighting business planning, customer development, marketing practices, profitability and more tools that lead to success and expanding a business.

2018 will be our fourth delegation visit to Chile. We will visit the businesses of the women we have trained in Sausalito this past April and meet with other members of AGEP (Asociacion Gremial de Empresarias y Profesionales).

The Chilean regional government has been very supportive of women-owned businesses by funding programs that will help grow or sustain their companies. These government entities are similar to our SBA program and have provided funds for the women to travel to the US, believing that global exposure and hands-on business exchange and education will broaden the Chilean women's business focus. These women are very hard working, highly motivated, and often the sole parent in their family. They are creating jobs, building small business awareness and providing for their family. Their grassroots business development has boosted their local economy. Banks, local municipalities, and other business entities have recognized AGEP as a driving force in small business development and have consistently provided support, financing and local training guidance.

Our Sausalito Sister Cities commitment to this mentoring program has gone a long way to fulfill the people-to-people diplomacy requirement that was the initial foundation of the Sister City program established by President Eisenhower in the 1960s. There are 2,500 Sister City programs throughout the US, and SSCI has been recognized as number one in the US for cities with a population of 25,000 or less. We have shared our homes, our community and our knowledge. When our delegation visits Viña Del Mar this year in October, we will be celebrated as partners in their growth, and as teachers and friends. We will experience and learn about their culture, their business challenges and their dreams for the future.

We couldn't provide this life changing experience for both cities without the support of our Sausalito community, our hard working committee, our homestay families and the support of the Sausalito city staff and council members. Thank you all.

If you want to learn more about the Viña Del Mar program, please contact Monica Finnegan (mfinnegan@urbanrealestateadvisors.com).

The Sausalito Historical Society

We are a group of friends, neighbors, colleagues, local merchants, scholars, writers, artists, historians, history buffs and enthusiasts who've been keeping Sausalito's past alive since 1975. The SHS is an entirely volunteer 501(c)(3) non-profit organization that collects and preserves art, artifacts, photographs and printed materials that document Sausalito's history. We provide access to the collection for public and academic research and develop publications and outreach programs to inspire local interest in Sausalito's history. As a result, we are able to educate the visiting public and to enrich the community. Annual membership dues, donations, and funds raised are used for new acquisitions, maintenance of the collection and public outreach through exhibits and publications.

EXHIBIT LOCATIONS

The Society staffs and manages the Ice House Visitor Center and Museum featuring a permanent display of local history. There is also a gift area featuring works of art by local artists and a selection of gift items relating to Sausalito and its history. The Ice House is open from 11:30am-4pm on Tuesday through Sunday, and is located at 780 Bridgeway (across from Casa Madrona). **415-332-0505**

The Historical Society's Exhibit Room and the Phil Frank History and Research Room are located on the top floor of City Hall. A team of dedicated Docents are available to assist and guide you. You will encounter a changing exhibit of historical significance plus an opportunity to do research through our Archives. The Exhibit and Research Rooms are open from 10am-1pm on Wednesdays and Saturdays, and is located at 420 Litho Street. (The entrance is on the right side of the City Hall parking lot). **415-289-4117**

Step back to a dramatic time in Sausalito history by touring the Historic World War II Marinship Exhibit at the Bay Model. This display of photographs, paintings and actual artifacts from the WWII ships and yard was developed by the staff of the U.S. Army Corps of Engineers and the SHS. The Marinship Exhibit is open from 9am-4pm on Tuesday through Saturday and is located in the Bay Model Visitors Center at 2100 Bridgeway. **415-332-3871**

SAUSALITO HISTORICAL SOCIETY

Your Historical Society Board Members

On May 2nd, the Sausalito Historical Society held its 2018 Annual Meeting, including the election of Directors for two year terms. New to the Board this year are:

Pete Bowes spent twelve years with Group Delphi, an Exhibit Design, Fabrication and Management company with Trade show and museum projects around the world. Prior to that time he was the CFO of Save the Redwoods League He has been involved in many community activities and charitable organizations in the East Bay and as President of the Sausalito Lions Club.

Lauri Flynn is a retired law librarian and has served on numerous professional organization committees and boards. She inherited an interest in history from her maternal grandfather who was a professor of California history at the University of Southern California. Lauri moved to Sausalito 15 years ago and has been a volunteer at the SHS including docenting in the Research Room, organizing a historical treasure hunt, adding data to the online catalog and helping out at events. She is a new member of the Sausalito Womans Club.

Barbara Rycerski was born and raised in San Francisco. After receiving her Master's Degree in Geology from San Jose State University, her career included regulatory air pollution control districts and various oil companies. She & her husband have lived in Texas, Kuwait and California; they moved to Sausalito two years ago. She volunteers with the Sausalito Historical Society helping with the website and online cataloging. She is also a Board member of the Floating Home Association and the Sausalito Rotary Club.

Nora Sawyer moved here in 2011. As an East Coast transplant from a land-locked town, she'd never seen anything Sausalito and doubts she will ever stop being amazed by this city, its residents, or the stories that surround them. Being a Saturday SHS Docent has given her the opportunity to delve into these stories, and to help others navigate our city's history. As a librarian for a litigation consulting firm, she spends M-F answering research questions and managing ongoing data projects. She is the chair of the Sausalito Board of Library Trustees, and also a freelance illustrator, most recently working on a series of books for the Presidential Pet Museum in Baltimore, MD. She lives in Galilee Harbor with her husband Brian and their dog Tiggy.

Jim Scriba aka "Scriba," is a five-year resident of Sausalito. A native of Baltimore, Maryland, he holds a bachelor's degree in mathematics from University of Richmond in Virginia and a Masters in Telecommunications Management from Golden Gate University in San Francisco. He and his wife Debbie Ford-Scriba relocated to Sausalito following 30-year careers in Silicon Valley. They are delighted to live in a 104-year-old cottage just above Caledonia Street. He is currently compiling a presentation on the original donors of St. Mary Star of the Sea's stained glass windows. Scriba has volunteered for numerous organizations including Sausalito Beautiful, Sausalito Community Boating Center at Cass Gidley Marina. Scriba's mother Elinor was a docent at the Maryland Historical Society.

2018 SHS Board (L–R): Steefenie Wicks & Shorty, Peter Bowes, Nora Sawyer, Barbara Rycerski, Jerry Taylor, Nick Roby, Lauri Flynn, Scriba, Roberta Maloy

CONTINUING ON THE BOARD

Roberta Maloy, who played a major role in coordinating Sausalito's Marinship 75 Celebration is a well-known vocalist with the Blenders. In 2018 Roberta steps up as the SHS Secretary, **Nick Roby**, who practically grew up in the SHS, working alongside his mom, Cindy Roby during the creation of the Marinship Museum at the Bay Model. Nick was active last year during the Marinship 75 Commemoration; he is employed at the Redwoods in Mill Valley. **Jerry Taylor** is often seen in costumes as the Turkey or the Crab, as Mr. Conductor, or Santa, and is very visible with the Cal Alumni Band on July 4th. He is the Finance Manager at the Tamalpais Community Services District. **Steefenie Wicks** is known for her frequent SHS columns in the Marin Scope, she's also active as a Docent in our Research Room, and at the Ice House, and has co-produced our last two Gala Fund Raisers: "Ferry Tales" and "The Place: Sausalito" featuring clips from movies filmed in Sausalito with Jan Wahl's commentary. She was the lead designer for our current Exhibit about the no name bar.

SHS Ambassadors

Your Society is blessed to have ongoing support from a number of key volunteers: the Society recognizes the continued importance of their service by conferring upon them the title "Ambassador". In alphabetical order, the current roster includes:

Tami Bell, who researches and helps us tell the story of Joseph James, a Marinship worker and Civil Rights Pioneer

Larry Clinton, former SHS President, who continues to oversee our weekly articles in the Marin Scope

Susan Frank, creator of the SHS Schools Program, who continues in this role; **Ann Heurlin**, who spends countless hours researching, cross-referencing and cataloging our wealth of information.

Jan Keizer, who specializes in maritime research;

Mike Moyle, who specializes in the Portuguese history in Southern Marin, and his ongoing photographic records of Sausalito events

Sharon Seymour and her husband **Rick Seymour**, who continue to manage SHS accessions

Dana Whitson, continuing her role as a principal in the Ice House Plaza Project

“no name” Doubleheader

The SHS had a couple of interesting events back to back in early May. On May 2nd, we held our Annual Meeting in the Edgewater Room at City Hall (see separate article about the Board election). Following the “business” procedures, Neil Davis, the proprietor of the no name bar during its “wonder years” of the 1960’s, entertained us with stories and answered questions. Somewhat to our disappointment, he was discreet, and declined to share any lurid details, if, in fact, anything “lurid” ever occurred on the premises.

We had another opportunity a week later on May 11th, when we partnered with the Sausalito Library for an evening of no name bar stories. This time, Neil spoke briefly, then the microphone was wielded by a number of Neil’s friends. The Library was packed, it was an un forgettable evening. We moved the party upstairs for the formal opening of our no name bar exhibit. Most of the materials came from Neil’s collection, including: photos of the famous, and the fondly remembered; contemporary newspaper articles; and notes from those who paused to refresh. Visit the exhibit, and learn about the Anti-Dialing League, and Spike Africa as President of the Pacific. The exhibit is expected to be in place until approximately Labor Day 2018.

“The Sausalito That Never Was”

Our next scheduled subject for the SHS Exhibit Room in Sausalito’s City Hall will be: “The Sausalito That Never Was”. Perhaps a perfect description of what we envision. Of course the still-born Marinello will be a big part of the story, but we’d like to tell you some things that maybe you don’t know about what might have happened here. This exhibit will open in September 2018, celebrating the 125th Anniversary of the Incorporation of the City of Sausalito in 1893.

Sausalito in Antioch?

Yes, it is true. The beautiful ferry Sausalito, launched in 1894, was retired from active duty in 1932. After the “walking-beam” engine and boilers were removed, she was rescued from further degradation by the Sportsmen Yacht Club in Antioch. She was towed into the marsh in Antioch where she was converted to a clubhouse, and lovingly maintained through the years.

On a foggy night, November 30 1901, the *Sausalito* struck the *San Rafael* off of Alcatraz. Jack London may have witnessed the accident from a boarding house in Sausalito, or, since it was foggy, he probably got the details from the crew members; and he may have used the incident as an inspiration for the opening Chapters in his famous 1904 novel, *The Sea Wolf*. Amazon’s pitch for the book quotes Ambrose Bierce! But, I digress.

Join the SHS on a field trip to Antioch this summer. You can learn more about the real “life or death” story from 1901. You can “experience” travel from the gilded age on into the railroad-ferry commute from Marin to San Francisco before the Golden Gate Bridge. What a great way to celebrate Sausalito’s 125th Birthday.

What’s Your Sign?

Several years ago, the SHS undertook an ambitious project to enhance the visitors’ Sausalito Experience, and to whet our residents’ thirst for local history. Along with several events, we created the “Sausalito Sets Sail” walking tour Downtown with reproduction photos along Bridgeway, by Gabrielson Park, and at the Ice House. These photos and captions told the recreational stories of Sausalito’s waterfront and Richardson’s Bay.

As weather and misplaced fingers eroded the images, we replaced the images with selections telling the tale of Sausalito Before the Bridge. This exhibit, curated by the late Bill Kirsch, was so effective, we replaced the images as they deteriorated, but it too was a losing battle. Now, led by new board member Scriba, these Sausalito Before the Bridge images are now on metal plates, the installation was completed in June. We hope you visit and enjoy these signs (again).

Visit your Historical Society

The Society is open Wednesdays and Saturdays, 10am–1pm. There are docents to help you research everything, including old homes, residents, artists & artwork, old photos, newspaper articles, and all kinds of interesting items. Our Office and Exhibit Room are on the top floor of City Hall.

Of course, we maintain our Ice House Museum and Visitor Center downtown, open daily except Mondays, 11:30am to 4pm. And, how long has it been since you visited the Marinship Exhibit in the Bay Model? Open Tuesday to Saturday, 9am to 4pm, Summer hours, 10am to 5pm.

Docent Volunteers

We’d love to have our City Hall Office and Exhibit open more often. If you or someone you know is interested in being a docent—helping people research our collections, please contact us at info@sausalitohistoricalsociety.com

Willow Creek Academy

Willow Creek was created with a philosophy that inquiry-driven, Project Based Learning would provide its students an opportunity to participate in their education in meaningful ways. What is Project Based Learning? Is it that that students choose a subject, then research and present a report? Does it mean that the class works on a project as a whole? Does it mean that students form groups and divide tasks and put together a presentation to the class? Well, it could be any of the above. Project Based Learning is not really about a product or type of presentation; it's about formulating and researching interdisciplinary questions that spark the imagination.

One of our Third Grade teachers, Kevin Breakstone, recently led a professional development workshop about Project Based Learning. He explained that Project Based Learning is centered on a "Driving Question," one that can't be solved without thoughtfully structured research. Project Based Learning is a way for students to engage in authentic learning rather than merely summarizing information for a report. It is more than simple fact retrieval; it is about depth of knowledge and critical thinking. Through Project Based Learning, Willow Creek Academy teaches students how to learn and about the process of learning. The following are a few of the projects students and teachers at Willow Creek Academy have completed together during the 2017-2018 school year.

Kindergarten with Ms. Hope:

How can we create a Gingerbread community?

The Gingerbread Project taught students about different aspects of a community, including community helpers, community buildings, and community areas. One component of the project required students to design their own building for the community, such as a bakery, a fire station, a school, etc.

Students read a variety of Gingerbread Man books and recreating stories that follow the same plot as the Gingerbread Man book including: Ninja Bread Man, Marsupial Sue and the Runaway Pancake, and Gingerbread Baby. Then, they researched different community members and where in the community they work. Finally, the students wrote and produced plays about a Gingerbread Community they imagined based on their research.

Third Grade with Mr. Breakstone and Ms. Siskin:

How can we build a better paper airplane?

This science project engaged learning about invisible forces such as friction, magnetism, and gravity. First, the students had to learn about the effects of the invisible forces on flying objects. Then, they studied the effects of folds, wingspan, wind, and materials so that they could design their airplanes with purpose. Finally, students performed a series of flight tests. Teachers led their students in the engineering process: defining a problem, researching the problem, brainstorming a solution, building a prototype, testing, and revising. The unit concluded with a paper airplane contest.

Sixth Grade with Ms. Rizzo:

What do burial rituals tell us about life in Ancient Egypt?

This project involved mummifying raw chickens. The students started by cleaning the chickens with rubbing alcohol (substitution for wine), took the organs out, and placed them in canopic jars made by the students with clay. Then the students dried the chickens in natron, a mineral found in ancient Egypt on the edges of oases. The students changed the natron every few weeks, and then wrapped the chickens in linen, a fabric commonly used in Ancient Egypt.

The students later created coffins decorated with hieroglyphs and pictures of a pharaoh, and interred the chickens in pyramids built by the students. The chickens were each named after an Egyptian pharaoh that students researched using their Social Studies textbooks and Internet sources provided by their teacher, Monica Rizzo. Throughout the project, students learned about the different levels of Ancient Egyptian society, including pharaohs, government officials, priests, scribes, artisans and peasants. They also learned about Egyptian religious beliefs, rituals of the mummification process, and the pageantry of the funeral.

Please stay tuned for future reports of projects to come! If you have any questions regarding Project Based Learning, or if you want to get involved, please feel free to contact Tara Seekins, Head of School, at tseekins@willowcreekacademy.org.
