

STATEMENT OF SUSAN CLEVELAND-KNOWLES FOR
CITY COUNCIL
Sausalito

SUSAN CLEVELAND-KNOWLES

AGE: 50

Occupation: Sausalito City Councilmember

We are at a pivotal time in Sausalito's history. We're updating our General Plan, an effort that will set our course on such critical issues as transportation, land use, emergency preparedness, and sea level rise. Elected to the Council last November, I will continue to lead in developing balanced solutions that protect our small town character while being forward thinking.

As your City Councilmember, I've worked hard to improve our parks, save our public transit route #92, address downtown congestion, and develop a sound budget that reflects our values and addresses our pension liabilities. Sausalito residents deserve safe, accessible, beautiful public spaces, so we'll continue prioritizing the restoration of Dunphy, Southview and MLK recreation areas. Raising my children here, I also continue to support quality local public education and encourage families to make Sausalito their home.

I will continue to apply my experience as an active, long-term resident and public policy professional to address our challenges with transparency and integrity. I promise to listen respectfully to all points of view and to do my homework, so our small town remains financially healthy, vibrant, and livable.

I would be honored to receive your vote.
