On Friday, November 22, 2019, the Sausalito Police Department, Richardson Bay Regional Agency, and Marin County Health and Human Services conducted a Garbage Collection Event upon Richardson Bay. The event took place throughout Richardson Bay between 9:00 AM and 11:30 AM.

The goal of the Debris Collection Event was threefold:

1. For individuals to remove debris from their anchored vessels before winter in order to help prevent debris and hazardous items from falling into the Bay during storms.
2. To assist individuals in making their vessels compliant with City of Sausalito and Richardson Bay Regional Agency nuisance/debris ordinances.
3. To provide a forum for Marin County Health and Human Services to contact individuals from the waterfront and offer, for those that are interested, services which may assist them in obtaining housing.

During the event, various forms of garbage (personal trash, gas powered generators, household chemicals, boat engines, furniture washing machines, dryers, etc.) from vessels located throughout Richardson Bay was collected. In addition to the debris collection, sixteen (16) people were contacted and offered services by Marin County Health and Human Services. Three (3) of the sixteen (16) people requested services.
