

ARGUMENT IN FAVOR OF MEASURE L

Vote YES on L to upgrade Sausalito's critical infrastructure and protect its long-term financial viability!

The pandemic was difficult for us all: businesses closed, families suffered, and Sausalito's coffers were drained, leaving services struggling. Measure L provides guaranteed local funding for essential services.

Measure O was a 10-year sales tax adopted in 2014. Measure L extends and increases Measure O for 10 years to help maintain basic City services. Measure L will enable Sausalito to plan for long term infrastructure resiliency in the face of climate change, while resolving its structural deficit.

Yes on L provides funding to improve various city services, including:

- Repairing deteriorating storm drains to protect water quality, avoid fines, and mitigate impacts of storms and sea level rise
- Maintaining/repairing neighborhood streets, facilitating an evacuation for a wildfire or other natural disaster and protecting motorists and emergency vehicles
- Fixing potholes and unsafe sidewalks
- Upgrading neighborhood parks
- Protecting our environment and water quality
- Youth/Senior programs
- Library Services
- Disabled Access
- Public Safety

Measure L will not be charged on your groceries or prescription medication, including deliveries by mail, limiting impacts on residents. Measure L ensures thousands of tourists shopping in Sausalito each year pay their fair share.

Measure L, which the City Council unanimously approved, prevents the State or County from grabbing Sausalito's tax dollars for regional issues, ensuring those monies are spent locally, improving our quality of life.

Measure L is temporary, expiring in 2034 and is subject to strict fiscal accountability and transparency. It requires annual independent financial audits and published expenditure reports to account for every dollar spent. Additionally the entire City budget is published online, allowing residents to see every cost detail – exemplifying the City's commitment to transparency.

Join residents and community and business leaders in voting YES on L!
