

ACCESSORY DWELLING UNIT PERMIT APPLICATION

City of Sausalito | Community Development Department 420 Litho Street | Sausalito, CA 94965 | (415) 289-4128 | cdd@sausalito.gov

WHAT IS AN ACCESSORY DWELLING UNIT (ADU)?

An Accessory Dwelling Units (ADU) is the official term for a smaller dwelling unit that is accessory to a primary dwelling unit. ADU's must have a separate exterior access, kitchen, and bathroom facilities. The City of Sausalito permits three different types of ADUs: Detached ADUs; Attached ADUs; and Interior ADUs. See the table below to determine which category your project.

Attached ADU

Shares a common wall with the primary dwelling unit on the lot.

- Attached to primary dwelling unit (i.e., addition)
- Attached garage converted to ADU
- Installation of a new basement underneath existing primary dwelling unit

Detached ADU

Constructed as a separate structure from the primary dwelling unit on the lot.

- New-construction ADU which has no shared walls with primary dwelling unit
- ☐ Conversion (full or partial) of an existing detached accessory structure (i.e., garage, shed, or outbuilding)

Interior ADU

Constructed entirely within an existing legal interior space on the lot.

☐ Conversion of space entirely within an existing or proposed primary dwelling unit (i.e., existing basement)

The information in this packet summarizes the ADU regulations in the Sausalito Municipal Code (SMC). To review the full set of regulations related to ADUs, please refer SMC Section 10.44.080 at https://www.codepublishing.com/CA/Sausalito/. Additionally, the City of Sausalito permits Junior Accessory Dwelling Unit (JADU) approval under the separate JADU Application on the Planning Division website.

THE ADU PERMIT PROCESS OVERVIEW

Applications for an ADU are reviewed at the ministerial (staff level) without a requirement for a public hearing.

- **Step 1 (Recommended): Meet with the Planning and Building Divisions.** A Planner and the Permit Technician are available for consultation during Community Development Department hours. The Planner will go over the ADU requirements with you and the Permit Technician will be available to troubleshoot any questions related to the building permit. If your project does not meet the ministerial ADU requirements, ask the Planner about requesting an exception through the Conditional Use Permit process.
- **Step 2: Prepare plans and application materials.** The plans do not need to be drawn by an architect, but must be accurate, neat and to-scale. Use the Application Submittal Checklist on Page 2 of this form to ensure that the application contains all necessary information prior to submittal.
- **Step 3: Submit your application and plans.** Staff will review your application and let you know if you are missing any materials. This process takes approximately 30 days for the initial review, and up to 60 days for a final decision regarding the application.
- **Step 4: ADU Permit issuance.** If the ADU meets all Sausalito Municipal Code requirements for ADUs, Staff may issue an ADU Permit. You may then apply for a building permit to construct/incorporate the unit.
