PROJECT SUMMARY: Pursuant to Sausalito Municipal Code ("SMC"), Section 15.04.080, the City Council "... may, by resolution, prohibit or restrict the parking or standing of vehicles on certain streets or portions thereof during all or certain hours of the day It is unlawful to disobey any such prohibitions or restrictions." On occasion, residents and members of the public forward their concerns related to parking and traffic safety to various departments including Public Works and the Police. An internal Traffic Coordination Committee (TCC) composed of Police, Public Works, and sometimes the Southern Marin Fire Protection District meets approximately every quarter to review these requests and if deemed appropriate and reasonable bring items to the City Council for action. The Traffic Coordination Committee received, reviewed and supports requests by property owners for restricting parking to improve access to driveways and garages at 115 Third Street and 101 Prospect Avenue. The project has been determined to be exempt from further environmental review under California Environmental Quality Act (CEQA) Section 15061(b)(3) (the general-rule exemption).

WHAT WILL HAPPEN: City Council will consider all public testimony, and the recommendations rendered by the Planning Commission on July 24, 2024, and decide whether or not to approve the Amendment of Parking Regulations to Establish a NO PARKING ZONE opposite 22 Atwood Avenue (APN: 065-203-02). The NO PARKING ZONE would be opposite the driveway located on North Street.
