Hi Mike,

I appreciate your position and think it's best that I resign from the commission to allow someone with more time to serve. My business is taking much more of my time than a year ago just to keep it afloat and I do not foresee that changing anytime soon. I have thoroughly enjoyed my time on the commission and regret I have not contributed as much as I had hoped. Please let me know if there is a procedure to resign or if you'd like me to stay on until a suitable replacement is found.

Best Regards,

Todd
