## **COMMENT:**

This project is relying on funding support through the State Water Resources Control Board, State Revolving Fund which itself may be supported with Federal Stimulus Funds. As of today October 7, 2010, the State of California has not completed processing of necessary funding documents. Also, the City has been preliminarily advised that in addition to payment of Federal Prevailing Wage (Davis-Bacon Act Requirement) there may be a need to establish Disadvantaged Business Enterprise Goals for the project which we believe have not been done at this moment.

The City believes it is most fair to the Contracting world to postpone bid opening. Please accept our apology for this further deferral.
