COMMENT:

This project is relying on funding support through the State Water Resources Control Board, State Revolving Fund which itself may be supported with Federal Stimulus Funds. As of today November 3, 2010, the State of California has not completed processing of necessary funding documents. The City has been advised that in addition to payment of Federal Prevailing Wage (Davis-Bacon Act Requirement) there will be a need to establish Disadvantaged Business Enterprise Goals for the project. Said goals and specification revisions regarding DBE compliance will be issued shortly in a separate Addendum.

The City believes it is most fair to the Contracting world to postpone bid opening. Please accept our apology for this further deferral.
